

NOTE TO PARENTS

Regarding Senior Dedication Page

Senior Dedication Pages are an option given to Parents to honor their daughters in the yearbook.

The items/prints needed for the pages will probably be due by Mid November.

I mention that prints are normally needed so that you may start thinking of what you need to put together from your family stash of photos. You may also want to compliment your page with an image or two from your daughter's gallery.

Just something to think about when you receive the proofing gallery.

The Yearbook Dept. will most likely be sending an informational email soon.
